Alethia Agroplus Limited., is a global leader in the supply chain Agro-commodity, a registered marketing and exporting company with several years of experience and In product sourcing, aggregation, quality control and consistent local and international supply.

- ❖ We have the vision of being a leader in commodity export/Local market within and outside Nigeria, we realize the gap in the drive by African suppliers at tapping into the international market, we hereby maximize our resources: people, knowledge, experience, capabilities and physical asset to create, build and develop our leadership position.
- ❖ We are a growing and dynamic commodity export organization in Nigeria, we understand the Agro-commodity market as a global one so we are not limited by the African boundaries, we have the clientele of customers across the globe and the dynamic nature of transactions within our company makes us a "Going and Growing Concern".
- ❖ We distinguish ourselves as a global leader in the supply chain of Agro-commodity, having an organized office close to our mother material source in Oyo State, Kaduna State and Kogi, Kogi State thereby maintaining a close and good relationship with our customers. Our clear focus on our core business assists us in avoiding disruption in our supply chain. Our Trial shipment of 54MT in 2014 was a unique experience. Today, through our growth we exceed supplies of 5,000MT of commodity per season.

VISION

To be a leading global supply chain manager of Agro-commodities maximizing our expertise and experience in the global market.

MISSION

- To develop and expand globally through quality supply and export of agro-products.
- To deliver quality suppliers and ensure patronage through reliability and integrity.
- To strengthen supply ties across international boundaries and ensuring honest supply to develop us as a market leader.

CORE VALUES

- Integrity
- Trust
- Honesty
- Professionalism
- Reliability

OUR BUSINESS

The Agro-commodity market is a vast and fraught, with a lot of irregularities due to the unorganized nature of players and the absence of guidelines for entry and exit into the market.

Ashade Dare Abiodun,

MD/CEO

Ashade Abiodun Oluwadamilare, a graduate of Electrical Electronic Engineering at Obafemi Awolowo University , Ile Ife, Osun State, Nigeria. Alumni of Lagos Business School and Fellow Nigeria Institute of Agribusiness Management

He worked briefly at Sunolix Resources, Ikeja, Lagos Sate as head marketing and a procurement manger internationally and also work briefly as an exporting consultant to Triangle Global Service Limited in Ikeja, Lagos. With Intervent Nigeria Limited as procurement and Marketing manager.

He started building international trade ties in Agro-commodities between the international market and the African suppliers. This was made possible because of his previous work experience.

His passion to build a bridge over the limitation experienced by African suppliers has gone a long way, understanding the strength and opportunities available within the market framework. The clientele of customers across the globe and his dynamic approach to transactions has put the company ahead as a leader with much room to continue to grow.

He is happily married to a lovely wife and children.
