COMPANY OVERVIEW

Avis Foods Limited is a Nigerian agro-food processing company committed to transforming locally sourced agricultural produce into nutritious, value-added food products for local and international markets.

The company specializes in the processing of indigenous crops such as unripe plantain and cocoyam into premium flour products using innovative whole-crop processing methods designed to preserve nutritional value, reduce waste, and improve food sustainability.

Avis Foods focuses on producing natural, professionally packaged, and quality-driven food products that support healthier food choices while strengthening local agricultural value chains.

OUR STORY

Avis Foods Limited was founded from a passion for healthier living, sustainable food processing, and the desire to unlock the commercial and nutritional potential of indigenous African crops.

The company's journey is deeply rooted in resilience, innovation, and purpose. Through value-added processing, Avis Foods seeks to reduce post-harvest losses, create economic opportunities for local farmers, and build a proudly African food brand with global relevance.

VISION

To become a globally recognized African food brand known for innovation, sustainability, and quality agro-food processing.

MISSION

To produce natural, nutritious, and high-quality food products while supporting local farmers, reducing post-harvest losses, and promoting sustainable food systems through innovative processing methods.

CORE VALUES

Quality

Integrity

Innovation

Sustainability

Customer Satisfaction

Community Impact

Continuous Improvement

OUR PRODUCTS

1. Whole Unripe Plantain Flour

A premium flour product processed from carefully selected green plantains using proprietary whole-crop processing methods with peel retention for improved fibre and nutritional value.

Uses:

Swallow meals

Healthy food applications

Baking blends

2. Whole Cocoyam Flour

A value-added cocoyam flour processed from selected cocoyam tubers using innovative whole-crop processing technology.

Uses:

Swallow meals

Baking blends

Traditional food applications

WHAT MAKES US DIFFERENT

Avis Foods differentiates itself through:
Proprietary Whole-Crop Processing Innovation

Our processing method retains the peel during processing to preserve fibre, reduce processing waste, and maximize whole-food nutritional value.

This innovation earned Avis Foods patent rights in Nigeria for value-added food processing innovation.

Sustainability-Driven Operations

We utilize innovative solar drying systems designed to preserve product quality while reducing dependence on conventional energy sources.

Farmer-Focused Value Chain

We source raw materials directly from local farmers and suppliers, supporting rural livelihoods and reducing post-harvest losses.

MARKET OPPORTUNITY

The demand for healthy, natural, and convenient African food products continues to grow across local, diaspora, and international markets.

Avis Foods is strategically positioned within:

Healthy food markets

Agro-processing value chains

Export-ready African food markets

Diaspora food supply channels

TARGET MARKET

Health-conscious consumers

Families and households

Retail supermarkets

Distributors and wholesalers

Restaurants and food businesses

Diaspora consumers

Export buyers

PRODUCTION CAPACITY

Current production capacity:

Approximately 1 Metric Ton Monthly

Production capacity is scalable through equipment expansion and operational investment.

QUALITY ASSURANCE & COMPLIANCE

Avis Foods maintains strong commitment to food safety, hygiene, and operational quality standards.

The business is supported by:

NAFDAC

SON

HACCP

USFDA Compliance

NEPC Registration

The company also maintains:

Batch traceability systems

Quality control procedures

Standard operating procedures (SOPs)

SUSTAINABILITY & IMPACT

Avis Foods contributes to sustainable development through:

Reduction of post-harvest losses

Promotion of indigenous African crops

Support for local farmers

Sustainable processing practices

Job creation

Improved food accessibility

The company's operations align with multiple United Nations Sustainable Development Goals (SDGs), including:

Zero Hunger

Good Health & Well-being

Decent Work & Economic Growth

Responsible Consumption & Production

GROWTH & EXPANSION PLANS

Over the next few years, Avis Foods aims to:

Expand processing capacity

Strengthen local distribution networks

Increase export readiness

Enter regional and international markets

Diversify product offerings

Build stronger strategic partnerships

INVESTMENT & PARTNERSHIP OPPORTUNITIES

Avis Foods is currently seeking:

Strategic partnerships

Equipment support

Market access collaborations

Export partnerships

Technical support

Investment for production scaling

Funding and partnerships will support:

Processing equipment expansion

Packaging improvement

Export readiness enhancement

Market expansion

Operational capacity growth

FOUNDER PROFILE

MariaGoretti Osiomwan is the founder of Avis Foods Limited, driven by a passion for sustainable food systems, healthier living, and African food innovation.

Her entrepreneurial journey reflects resilience, innovation, and commitment to creating impact through value-added agro-processing while supporting local communities and promoting indigenous crops.
