About Us

El-Bashir Agro Ventures is a registered Nigerian agricultural enterprise committed to transforming agriculture through innovation, partnerships, and access to quality farm inputs. We specialize in the distribution of agrochemicals, seeds, fertilizers, and farm machinery to smallholder and commercial farmers across Nigeria.

Our mission is to empower Nigerian farmers with the tools and knowledge they need to boost productivity and ensure food security.

Our Strengths
Wide distribution network across major farming regions in Nigeria
Strong relationships with farmers' cooperatives and agro-dealers
Field-based technical support and demonstration farms
Experience in managing input distribution under donor-funded and private sector initiatives

Vision for Partnership

We seek to partner with reputable international agrochemical manufacturers like King Quenson to

introduce high-quality products into the Nigerian market. Our goals include: Exclusive or semi exclusive product distribution Joint marketing and training programs Support for product registration and regulatory compliance Establishment of a local King Quenson branch/representative office (if feasible)

Conclusion

We are confident that our deep understanding of the Nigerian agricultural landscape, coupled with King Quenson's proven product quality, will create a successful and long-lasting partnership.
